Where

Master Builders ACT

1 Iron Knob St, Fyshwick ACT 2609.

Costs

This program was made possible through JobTrainer and is a jointly funded initiative of the ACT and Australian Governments. Eligibility criteria applies.

SPARK Ginninderry proudly supports training and employment initiatives for local people.

SPARK and our partners are proud to launch this innovative training program to encourage more women to consider a career in the construction industry. Construction is an exciting sector with interesting roles across traditional trades such as carpentry, plumbing, electrical, bricklaying, concreting, landscaping, roof tiling, plastering, painting and many more. This program will provide participants with specialised accredited training, industry work placements and potential employment pathways within the carpentry, electrical and plumbing sectors.

Please note, those individuals who wish to be considered for this program **MUST** successfully complete a functional capacity assessment (which includes drug and alcohol testing) before being offered a place on the program.

Specifically targeting women from the ACT, this program will:

- Provide participants with seven core units of competency from the Certificate III in Carpentry
- Provide participants with 10675NAT – Asbestos Awareness
- Provide participants with CPCCWHS1001 – Prepare to Work Safely in the Construction Industry – White Card
- Provide a range of interesting workshops including resilience, mental health and wellbeing, time management and more
- Provide a four-week work placement within the construction sector
- Participants will be involved in the construction of the Strathnairn Charity House project and utilise the site as a live learning environment.

Commencing Monday 19th April 2021, this ten week program will run five days per week and be a combination of theory, practical hands-on learning and industry work placement.

The information session will provide individuals with advice on eligibility criteria, program content and the commitment that is required to be selected as a participant on this program.
