

2023 Judging Criteria

Bathroom Projects:

	CRITERA	OUT OF
	Construction Quality	
1.1	Wall and Floor Surface Quality of finish, seams clean and even, set out quality, treatment of exposed corners	10
1.2	Fitting of fixtures Installation and quality of construction	10
1.3	Silicon work around basins, baths etc, is this minimal in appearance and tidy?	5
	SUB TOTAL	25
	PLANNING	
2.1	Basin area style/function/image/storage of toiletries	5
2.2	Toilet/bidet area location function/comfort of use	5
2.3	Bathing/Showering area Location/function/safety Comfort of use Does it offer pampering?	5
2.4	Overall space Is use of space in balance? Are the clearances adequate for all facilities?	5
2.5	Innovation	5
	SUB TOTAL	25
	Final Design - Facilities	
3.1	The ability to put bathroom together with style, taste and flair	5
3.2	Use and standards of Floor and wall tiling	5
3.3	Use and standards of natural lighting and artificial lighting	5
3.4	Use and standards of systems including ventilation and heating	5
	SUB TOTAL	20
	Other Factors	
4.1	Overall standard of finish Including Plumbing, Electrical, Plastering, Painting etc.	10
4.2	Complexity of project	10
4.3	Innovation	10
	SUB TOTAL	30
	GRAND TOTAL	100

Best Use of Material in a Commercial Project

	CRITERA	OUT OF
	QUALITY OF CONSTRUCTION	
1.1	Workmanship, finish, use	60
2.1	Use of building materials	10
3.1	Innovation	15
4.1	Complexity	15
	GRAND TOTAL	100

Best Use of Material in a Residential Project

	CRITERA	OUT OF
	QUALITY OF CONSTRUCTION	
1.1	Workmanship, finish, use	60
2.1	Use of building materials	10
3.1	Innovation	15
4.1	Complexity	15
	GRAND TOTAL	100

Civil – All subcategories

	CRITERIA	OUT OF
1	Project and Construction Management	30
a.	Project Planning and Management	
b.	Construction excellence and industry best practice	
c.	Technical complexities	
d.	Project timing/milestones and budgets	
2	Innovation	20
a.	Innovation concept and implementation	
3	People Development and Training	10
a.	Initiatives/Programmes/Recognition	
4	Quality	10
a.	Planning management and outcomes	
5	Safety	10
a.	Planning management and outcomes	
6	Environment	10
a.	Planning management and outcomes	
6	Stakeholders	10
a.	Planning management and outcomes	
	GRAND TOTAL	100

Commercial Construction AND Commercial Fitout – All subcategories

	CRITERA	OUT OF
	QUALITY OF CONSTRUCTION	
1.1	Quality of workmanship	60
2.1	Use of building materials	15
3.1	Innovation	10
4.1	Complexity	15
	GRAND TOTAL	100

Kitchen Projects

	CRITERA	OUT OF
	Construction Quality	
3.1	Cabinetry: base floor and walk units, doors/fixed panels and benchtops	20
3.2	Quality runners etc.	5
3.3	Detailing of different materials and finishes	5
	SUB TOTAL	30
	PLANNING	
2.1	Work triangle not too large and no obstacles to impede work flow: (a) Working centre between sink, microwave/hobs and fridge (b) clean up centre between sink, dishwashing and crockery storage	10
2.2	Is there adequate and convenient storage for china, cutlery, pots etc	5
2.3	Practical Placement of Appliances: (a) Microwave - check door swing and height - 1300 max from floor to underside of microwave (b) Dishwasher not in preparation area (c) Saucepan drawers (d) Rangehood Ventilation at specified level above benchtop	5
2.4	Adequate bench space for loading/ unloading from microwave/oven fridge	5
2.5	Are there sufficient clearances, eg walkways, seating distances, island situation, dishwasher placement?	5
	SUB TOTAL	30
	Final Design and Ergonomic Factors	
3.1	The ability to put the kitchen together with style, taste and flair	5
3.2	Use of: Natural Lighting, Artificial lighting (general task), adequate powerpoints, ventilation systems, access to outdoor living areas, balance with home (size and style), eating facilities and cleaning of surfaces.	5
	SUB TOTAL	10
	Other Factors	
4.1	Overall standard of finish Including Plumbing, Electrical, Plastering, Painting etc.	10
4.2	Complexity of project	10
4.3	Innovation	10
	SUB TOTAL	30
	GRAND TOTAL	100

Landscaping

	CRITERA	OUT OF
1.1	Overall Finish/Quality of Construction	10
2.1	Planting	10
3.1	Lawn	10
4.1	Walls	10
5.1	Decks and pergolas (structures)	10
6.1	Design	10
7.1	Integration	10
8.1	Leveling	10
9.1	Paving	10
10.1	Other (such as distinguishing features)	10
	TOTAL	100

Onsite Construction Manager of the Year

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all clients/stakeholders?	20
2.1	Does the nominee consistently display extensive expertise, experience and leadership skills?	20
3.1	Does the nominee demonstrate a sound understanding of the building and construction industry, the needs of key stakeholders and the project itself?	15
4.1	Does the nominee promote best practice work standards within the industry?	15
5.1	Does the nominee continuously demonstrate a high level of ethical standards in all work practices?	15
6.1	Other attributes that set the nominee apart	15
	GRAND TOTAL	100

Professional of the Year

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all clients/stakeholders?	20
2.1	Does the nominee actively support the industry and/or key industry associations?	15
3.1	Does the nominee promote the industry to the wider community?	15
4.1	Does the nominee promote best practice work standards within the industry?	15
5.1	Does the nominee continuously demonstrate a high level of ethical standards in all work practices?	20
6.1	Other attributes that set the nominee apart	15
	GRAND TOTAL	100

Project Displaying Technical Difficulty or Innovation

	CRITERA	OUT OF
1.1	Quality of construction and finish	50
2.1	Technical complexity	35
3.1	Innovation	15
	GRAND TOTAL	100

Project Manager of the Year

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all clients/stakeholders?	20
2.1	Does the nominee consistently display extensive expertise, experience and leadership skills?	20
3.1	Does the nominee demonstrate a sound understanding of the building and construction industry, the needs of key stakeholders and the project itself?	15
4.1	Does the nominee promote best practice work standards within the industry?	15
5.1	Does the nominee continuously demonstrate a high level of ethical standards in all work practices?	15
6.1	Other attributes that set the nominee apart	15
	GRAND TOTAL	100

Residential – ALL subcategories

	CRITERA	OUT OF
1.1	Quality of workmanship	60
2.1	Use of building materials	10
3.1	Innovation	10
4.1	Complexity and delivery of design	15
5.1	Client satisfaction and other factors	5
	GRAND TOTAL	100

Subcontractor of the Year – All subcategories

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all clients/stakeholders?	20
2.1	Does the nominee deliver quality work, on time and on budget?	20
3.1	Does the nominee continuously demonstrate a high level of ethical standards in all work practices?	20
4.1	Does the nominee display innovative approaches to their work?	20
5.1	Other attributes that set the nominee apart?	20
	GRAND TOTAL	100

Supplier of the Year

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all clients/stakeholders?	20
2.1	Does the nominee actively support the industry and/or key industry associations?	15
3.1	Does the nominee actively promote safety and innovation within the industry and to the wider community?	15
4.1	Does the nominee provide high quality equipment and/or supplies to the industry at competitive prices?	20
5.1	Does the nominee continuously demonstrate a high level of ethical standards in all work practices?	15
6.1	Other attributes that set the nominee apart?	15
	GRAND TOTAL	100

Sustainable Civil Construction

	CRITERA	OUT OF
1.1	Workmanship/standard of finish	10
2.1	Innovation	20
3.1	Enviro, protection of flora fauna	10
4.1	Complexity	20
5.1	Layout	2
6.1	Suitability to site conditions	2
7.1	Application of enviro principles	2
8.1	Visual appeal	2
9.1	Protection of surrounding property	2
10.1	Use of energy systems and devices	2
11.1	Use of environmental recycled building materials	13
12.1	Reuse of onsite materials	10
13.1	Embedding sustainability into ongoing processes	5
	GRAND TOTAL	100

Sustainable Commercial Construction

	CRITERA	OUT OF
1.1	Workmanship/standard of finish	30
2.1	Adherence to the environmental design brief by construction staff	4
3.1	Complexity	8
4.1	Innovation in achieving sustainable construction	8
5.1	Layout, siting, application thermal principles	3
6.1	Innovation in protection of existing environment	2
7.1	Application thermal performance options	2
8.1	Transfer of skills and design to other projects	3
9.1	Use of energy and water saving systems and devices	10
10.1	Reuse or recycling of building materials	10
11.1	Reuse of onsite materials	20
	GRAND TOTAL	100

Sustainable Residential Construction

	CRITERA	OUT OF
1.1	Workmanship/standard of finish	20
2.1	Innovation	12
3.1	Use of environmental or recycled building materials	12
4.1	Complexity	11
5.1	Allocation of space	3
6.1	Location of inclusions	3
7.1	Visual appeal	4
8.1	Siting and orientation	10
9.1	Active and passive solar	10
10.1	Use of energy and water saving systems	5
11.1	Documented onsite waste management	5
12.1	Skills transfer	5
	GRAND TOTAL	100

WHS – All subcategories

	CRITERA	OUT OF
1.1	What consultation occurred with workplace parties in implementing the OH&S solution or system	15
2.1	How has the solution/system been integrated into the overall operations of the company?	15
3.1	What is the level of commitment by the companies personal in implementing the solution/system?	15
4.1	To what extent can the solution/system be more broadly applied to the company and overall industry?	10
5.1	To what extent has the solution/system address emerging regulation and legislation in the territory?	15
6.1	How innovative and original is the OH&S solution/system?	15
7.1	How effective was the solution for the control of the OH&S issues/problems?	15
GRAND TOTAL		100

Woman in Construction/Outstanding Woman in Civil Construction

	CRITERA	OUT OF
1.1	Does the nominee provide an exceptional level of service to all stakeholders?	25
2.1	Has the nominee overcome challenges in the industry and/or their role?	20
3.1	Does the nominee contribute positively to their company?	25
4.1	Does the nominee give back to the community/industry?	15
5.1	Other attributes that set the nomiee apart	15
GRAND TOTAL		100
