

POLO14 TRANSITION AND TEACH OUT POLICY

This policy applies to both Southern Training Organisation RTO#91378 and MBA Group Training Limited RTO#88163

This policy outlines the approach of, and method adopted by, the RTO with respect to the transition and teach out of a training product prior to the expiry date on the National Register (training.gov.au – TGA). This policy demonstrates the RTO's compliance with Standards 1.26 -1.27 of the Standards for Registered Training Organisations (RTOs) 2015 and applies to all nationally recognised training provided on the RTO's scope of registration.

TRANSITION AND TEACH OUT OBLIGATIONS

When a training product is removed, superseded, or deleted the RTO will ensure that:

- a) No new learners are enrolled into training products that have been removed or deleted from the National Register.
- b) Existing Learners are provided with an opportunity to complete training and assessment and be issued with the applicable AQF certificate documentation or be transitioned into the replacement product within 12 months of the replacement product appearing on the National Register.
- c) Existing learners participating in any superseded or non-current training product will be provided with two years from the date the training products was removed or deleted from the National Register to complete all training and assessment and be issued with the applicable certification documentation. Where an extension beyond two years applies, this additional teach out timeframe will apply.
- d) Impacted learners are advised of any transition or teach out requirements as soon as reasonably practicable.

The above requirements are not applicable where a training package required the delivery of a superseded unit of competency. Transition and teach out periods may be extended – extended transition periods can be found on ASQA's website [here](#).

TRANSITION AND TEACH OUT PROCESS

The table on the following page describes the tasks will be carried out by RTO staff to monitor and action any transition and teach out needs in accordance with the above obligations.

Task	Responsible
Subscribe to notifications for all training product on the RTO's scope of registration	Training Director Compliance Manager
