Master Builders ACT announced as Naming Rights Partner for 2026/27 Summer Oztag competition

FOR IMMEDIATE RELEASE

Canberra, ACT | Monday 12 October 2026

Master Builders ACT has today announced a new partnership with Oztag ACT & Southern Region, becoming the naming rights partner for two years across the 2026/27 and 2027/28 summer Oztag competitions.

The partnership reflects Master Builders ACT's commitment to community contribution, supporting a strong local sporting organisation with broad participation across Canberra.

Oztag ACT & Southern Region is one of the region's largest community sporting organisations, with a significant reach that includes more than 15,000 players and more than 1,300 teams across competitions, representative programs and school events.

Anna Neelagama, CEO of Master Builders ACT, said the partnership was a natural fit for the organisation.

'We're proud to be supporting an organisation that brings so many Canberrans together through sport,' Ms Neelagama said.

'With more than 15,000 players taking the field each week, Oztag plays an important role in building a healthy, connected community. This partnership allows us to give back to the Canberra community while extending our presence beyond the construction industry.

'It's also important to us to promote exercise and physical wellbeing as a strong contributor to improved mental health in construction, and beyond,' said Ms Neelagama.

Michele Reaney, Director of Oztag ACT & Southern Region, welcomed the partnership.

'We're thrilled to have Master Builders ACT on board as naming rights partner for our summer competition. Their support will help us continue to grow the game and deliver a first-class competition for our players, teams and families across the region.'

As part of the partnership, Master Builders ACT branding will feature across Oztag ACT & Southern Region's online presence and competition venues. In return, Oztag participants will have access to discounted training through Master Builders ACT, with a discount code available to registered players.

The 2026/27 Summer Oztag Competition, proudly presented by Master Builders ACT, is expected to attract strong participation when it kicks off this summer.
